Readiness Assessment Framework: Setting the stage for R-Package Reviews

Thirtieth Meeting of the Participants Committee (PC30)

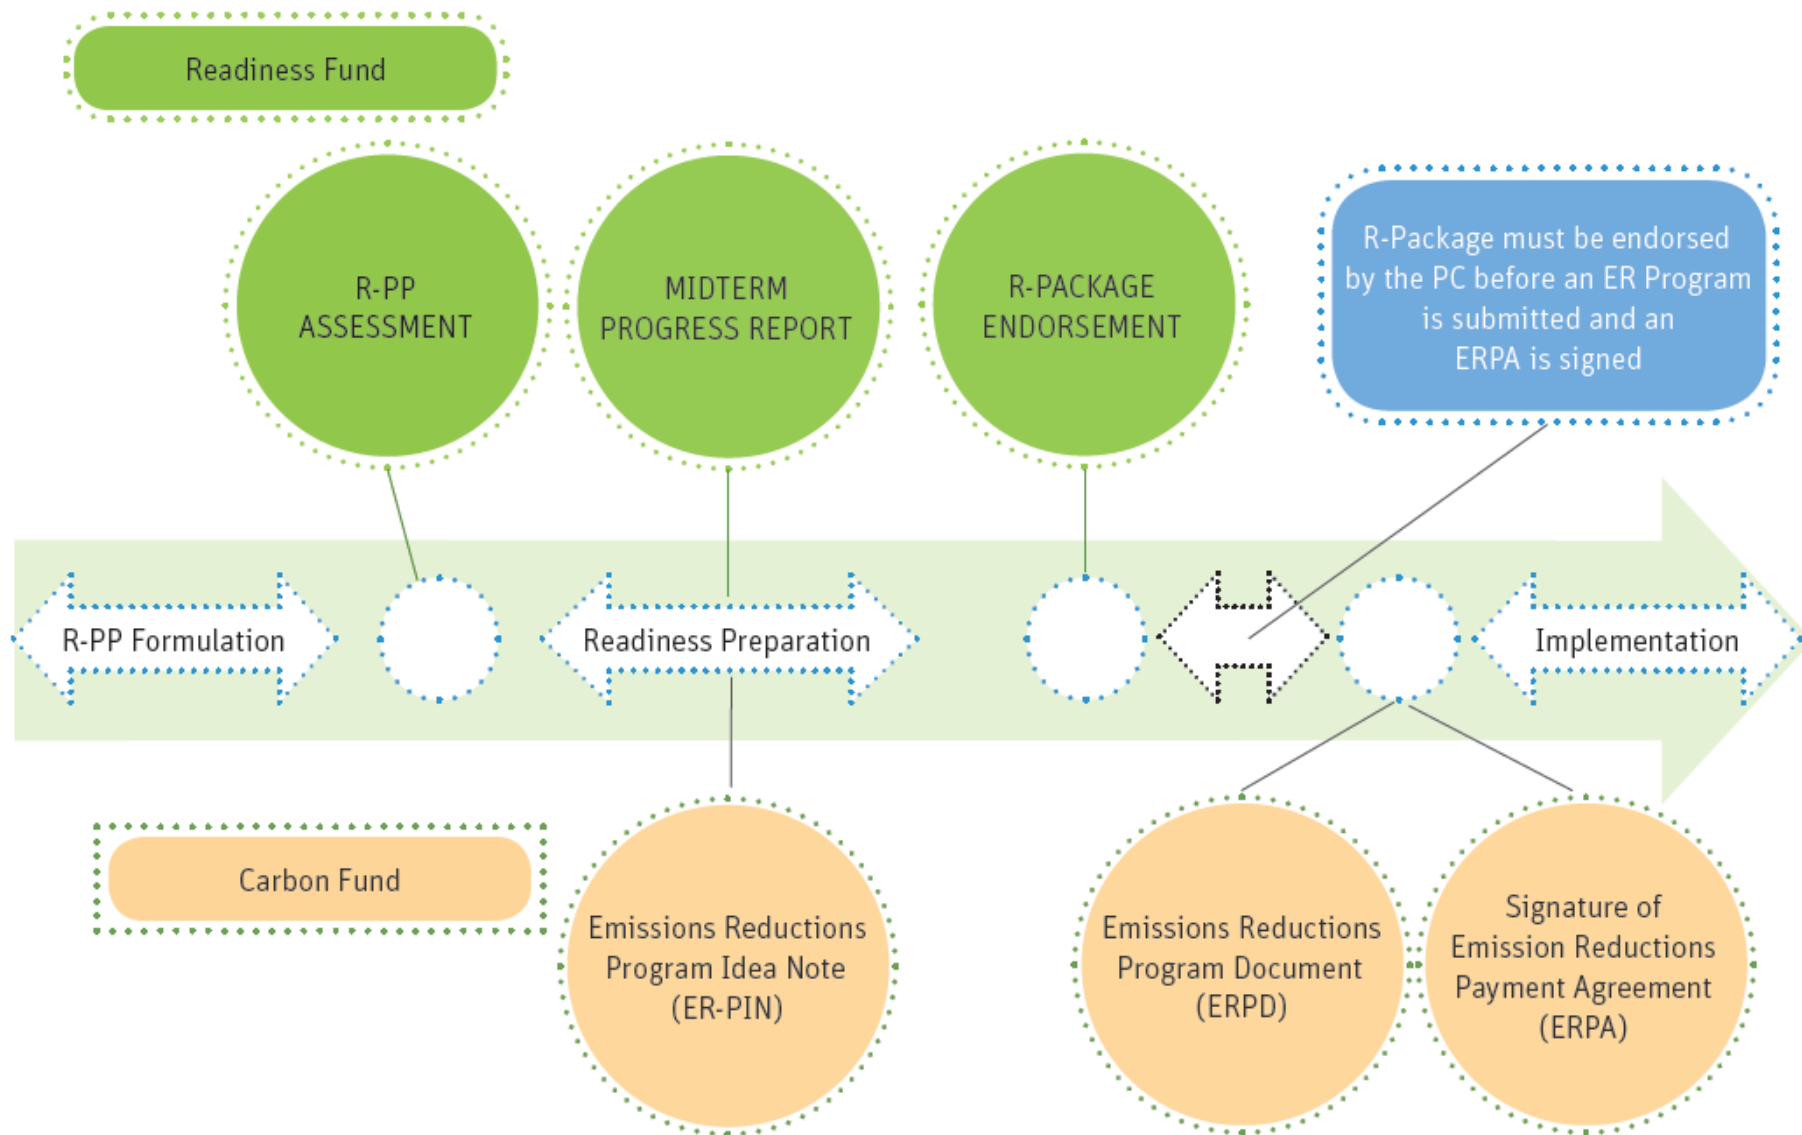

December 14, 2021

Session Objectives

- Describe key features of the Readiness Assessment Framework
- Explain the process of the R-Package review

Readiness Assessment: Milestones in FCPF Readiness and Carbon Fund processes

Readiness assessment serves multiple purposes

- Assess **progress** on readiness
- Demonstrate political **commitment**
- Receive **feedback** and **guidance**
- Display **transparency**
- Attract **funds** to scale up

The Readiness Assessment Framework is designed to measure *relative* progress

- Not an absolute standard for readiness
- Starting point and pace of progress varies by country
- Many aspects of readiness will remain ongoing

Countries report progress on same readiness components over time

Four Readiness Components

1. Readiness Organization and Consultation
2. REDD+ Strategy Preparation
3. Reference Level
4. Monitoring Systems (Forests, Safeguards)

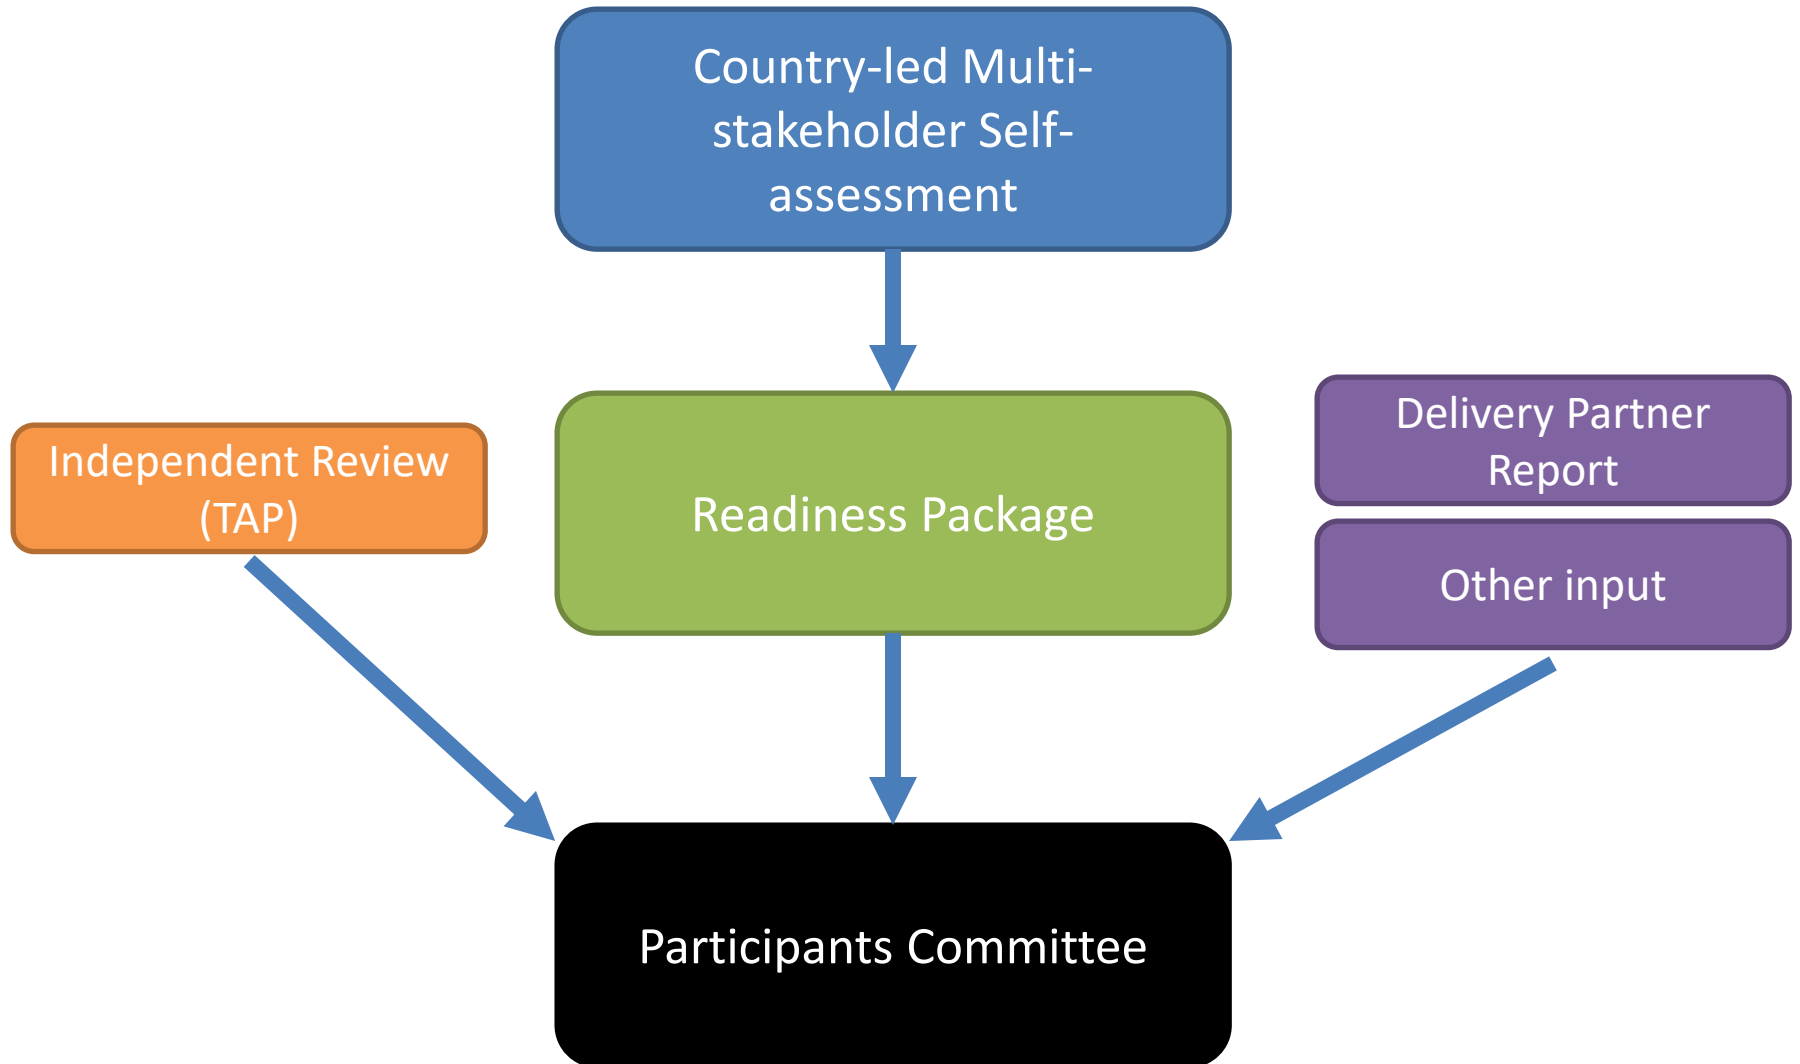

Structure of the Assessment Framework

For each subcomponent (9),
the assessment framework
provides

- Assessment criteria (34)
 - Core readiness activities
- Diagnostic questions (58)
 - Focus on desired outcome
- Guidance notes

Readiness Assessment Process

REDD Countries compile the R-Package and report results of the self-assessment

- Summary of readiness preparation process
 - Including how issues identified at mid-term were addressed
- Report on the multi-stakeholder self-assessment
- Assessment results for each subcomponent

- Synthesis of the overall achievement
- Analysis of strengths and weaknesses
- Actions going forward

Green	'significant progress'
Yellow	'progressing well, further development required'
Orange	'further development required'
Red	'not yet demonstrating progress'

- References to key products

- REDD+ Strategy
- REL/RL, MRV technical report
- Environmental and Social Management Framework
- Feedback and Grievance Redress Mechanism

The Result of typical Multi-Stakeholder Readiness Self-Assessment

Not a good way to summarize progress!

PC receives input from independent experts

A Technical Advisory Panel (TAP)

- Performs a desk review
- Provides targeted feedback
- Highlights strengths and weaknesses
- Proposes actions going forward

- *The role of the TAP is not to second-guess the countries' comprehensive multi-stakeholder self-assessment.*
- *Rather focus on whether a due process and approach was followed to perform the self-assessment and provide constructive feedback.*

PC30 Action: Resolution sought on Readiness Package Endorsement

- Review, discuss and recognize countries' progress
 - Pakistan and Togo
 - Consider input from TAP, World Bank grant reporting and other input
- Provide feedback
 - Strengths and weaknesses
- Encourage actions going forward
- The resolution recognizes the readiness progress achieved
 - This constitutes 'endorsement' as per FCPF Charter
- After the plenary, a facilitated contact group
 - Reviews a draft resolution and collates key feedback from plenary

Role of contact groups

- Prepare draft resolutions and report back to the plenary for further consideration and adoption (Section 13.01, Rules of Procedure)
- Discuss issues raised during the plenary which will be reflected in the Co-Chairs' summary.
