

Forest Carbon Partnership Facility

Multiple Delivery Partners: Introduction

Benoît Bosquet, Facility Management Team

Pan Africa Indigenous Peoples Dialogue | Arusha, Tanzania | April 19-24, 2012

Rationale (1)

- FCPF was designed with responsibilities given to the World Bank (WB) to serve 3 roles:
 - 1. Trustee (fund management)
 - 2. Secretariat (Facility Management Team, providing overall coordination)
 - 3. 'Delivery Partner' (DP, i.e., implementing agency)

Rationale (2)

- WB is not well positioned to provide REDD+ Readiness services in all countries
 - —No active forest sector program financed by the Bank
- Benefits of harnessing the presence and strengths of multiple agencies to provide REDD+ Readiness services to all countries participating in FCPF

Rationale (3)

- Decision was made to open Readiness Fund to "Multiple Delivery Partners" to serve countries where the WB is not well positioned
 - Several Participants Committee (PC) resolutions
 - WB Board approval (March 2011)
 - FAO, IDB and UNDP approved as DPs (maybe also Asian Development Bank in the future)
 - Applicable to a pilot phase including maximum 10 countries, then stock-take
 - WB will retain trustee and secretariat functions for these
 10 countries

Status Update on Delivery Partners and Countries

- 9 countries (out of 36) have requested DP other than the Bank:
 - Cambodia: UNDP
 - Central African Republic : UNDP
 - Guatemala: IDB
 - Guyana: IDB
 - Honduras: UNDP
 - Panama: UNDP
 - Paraguay: UNDP
 - Peru: IDB
 - Suriname: UNDP
- 10th country still to be determined
 - Papua New Guinea interested
- Transfer Agreements
 - IDB: Negotiated. Targeted signature before June 2012 (TBC)
 - UNDP: Under negotiation. Targeted signature before June 2012 (TBC)
