- Experience working effectively with other regional organizations
- Capacity for effective financial management and procurement
- Capacity to undertake environmental and social screening and ensure compliance with WB safeguard policies and procedures
- Capacity to address grievances and provide a redress mechanism

## Expressions of Interest

- Africa: 3 IP and 3 CS organizations
- Asia-Pacific: 1 IP and 1 CSO
- LAC: 2 IP and 2 CSO

# Selected Organizations

MPIDO (IP/Africa)

PACJA (CSO/Africa)

Tebtebba (IP/Asia)

ANSAB (CSO/Asia)

Sotz'il (IP/Latin America)

ACICAFOC (CSO/Latin America)

# MPIDO

**Mainyoito Pastoralists Integrated Development Organization** was established in 1996 as a result of marginalization of Maa pastoralists in Kenya. MPIDO has been an leader on Indigenous Peoples rights in Africa, and manages programs on human rights, livelihoods and natural resource management in East Africa.

# PACJA

The Pan African Climate Justice Alliance is a coalition of some 300 African NGOs, and is the continent's primary civil society platform for climate change issues.

# Tebtebba

The **Indigenous Peoples' International Centre for Policy Research and Education** is an indigenous peoples' organization born out of the need for heightened advocacy to have the rights of indigenous peoples respected, protected and fulfilled worldwide.

# ANSAB

Established in 1992, the **Asia Network for Sustainable Agriculture and Bioresources** is committed to biodiversity conservation and livelihood improvement in South Asia. It places community empowerment and economic incentives at the heart of its approach.

# Sotz'il

**Sotz'il** (“bat” in Kaqchikel) is a Mayan organization based in Guatemala, whose aim is sustainable indigenous development, and which manages programs on community development, land rights and climate change.

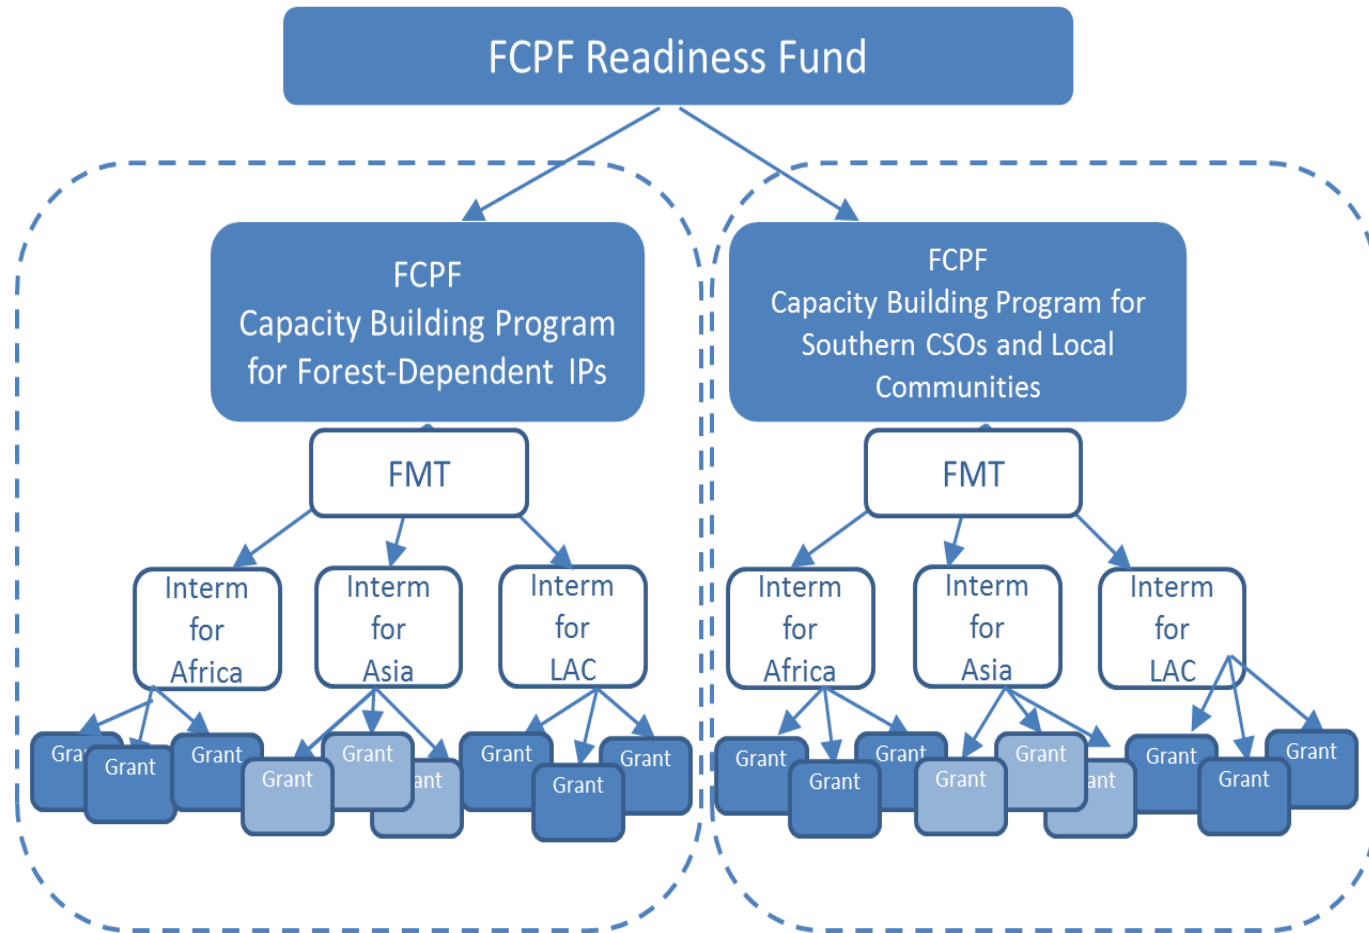

# ACICAFOC

The **Coordinating Association of Indigenous and Community Agroforestry in Central America** is a non-profit, social community-based organization from Central America, which groups associations, cooperative societies, federations and grass roots organizations led by small and medium agro forestry producers, indigenous peoples and farmer peasants.

# Program Structure

# Eligible Activities

Research and policy work on land tenure, social and environmental issues;

Sustainable livelihoods;

Good governance;

Training, outreach and awareness building;

Analytical and design work on benefit sharing and grievance redress mechanisms;

Mapping of indigenous or community land use;

Support for multi-stakeholder dialogues and collaboration between government, Forest-Dependent Peoples and Southern CSOs, respectively;

Other activities contributing to the national Strategic Environmental and Social Assessment (SESA); and

Community-level monitoring of and reporting on various aspects of the overall REDD+ process (to enhance transparency/accountability).

# Next Steps

Project Development: Draft of project concept to be shared and discussed with intermediaries at workshop, tentatively planned for August.

Due Diligence: Preparation and review of Integrated Assessment Framework (IAF) for analysis of fiduciary and safeguards capacities of intermediaries.

Country No-Objection: FMT discussing different options for this requirement.

**Terima Kasih!**
